Memorandum

Monday I filed a Report and Recommendation on the second set of motions to dismiss, observing that plaintiff Larry Hasan had not filed a response to the motions. Today I received a copy of Hasan's response, which was not docketed until after 3 p.m. today, although it appears to have been hand-delivered at the Clerk's Office perhaps on Monday and date-stamped with an illegible date stamp. Hasan's response must be considered timely, and the failure to get it to me timely is due to errors by the Clerk's Office.

The response contains nothing that causes me to change the analysis of the complaint or the recommendation. Plaintiff asserts but does not understand the continuing violations theory. The time to file objections continues to run from the date of the Report and Recommendation.

DATE: 10 June 2015
